Dear Marco

**RE: WHALE SONG SCULPTURAL PARK**

I am writing in response to our meeting on Monday, 14 January 2019 regarding the proposed Whale Song Sculptural Park towards the rear of our building in Ihakara Street, Paraparaumu.

We understand this request for support from you is for the purpose of obtaining a resource consent for the project as a potentially affected direct neighbour.

On that basis we would like to say we are excited by the prospect of having such an iconic structure next to our property and associated businesses and thus have no objection to the project proceeding on the site described.

We look forward to its completion and agree it will provide a significant drawcard to the district, supporting business resilience already in the area and as an incentive/attraction to those businesses looking to come to Kapiti and build on the numerous sites nearby.

We wish you well with the project and look forward to hearing more as progress happens.

Yours faithfully
