Tena Koe Mark Zeeman,
Nga mihinui ki a koe.
Greetings to you.

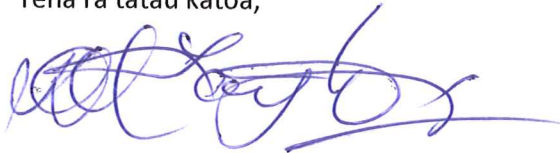

The Ngahina Trust congratulates you and your Trustees on your proposed Mike Fulton Whale Song sculpture and development. The Ngahina Trust is a partner of Coastlands and Ngahina Developments Ltd and is comprised of seven families descended from the original owners of the land over which the pod of whales sculpture will majestically preside.

The Trust takes pride in the belief that this special work will magically enhance the ancestral lands of our Tupuna, forebears, whilst also creating a notable landmark for the Kapiti Coast specifically, and for tourism generally.

The Trust families see a wide range of educational opportunities for both the young as well as the not so young. Your offer to schools for participation in the gathering of construction materials is appreciated and applauded as a generous gesture in providing community involvement and interest.

Ngahina Trust supports you and wishes you well in your Lotto application towards the exciting sculpture and development you and your Trustees propose.

Tena ra tatau katoa,
